How to get here

By Car

The campus can be accessed from both Bangkok-Chonburi Motorway and Onnut (Sukhumvit 77) Road (see the map above for direction).

o To reach the campus from inner Bangkok via Onnut Road, drive along Onnut Road toward Ladkrabang. When reaching a wide 3-way intersection with an entry to Suvarnabhumi Airport on the right and an overpass straight ahead, keep left (do not cross the overpass) and turn left to enter Chalongkrung road. Continue driving along Chalongkrung road for 500 meters and you will be in the KMITL campus area.

o To reach the campus from inner Bangkok via Bangkok-Chonburi Motorway, drive eastward along Bangkok-Chonburi Motorway. When seeing the sign for exit to Suvarnabhumi Airport, continue to drive along the Motorway for 3 Km and then keep left to take the U-Turn overpass. Once u-turned, continue driving for 1 Km, then take the second exit on the left (the exit for Suvarnabhumi Airport) but once you have exited the Motorway, keep right and look out for the sign to KMITL. There will be another exit on the right to enter the frontage road. Take that exit and when reaching the frontage road, take another u-turn. Drive along the frontage road for about 1 Km and there will be an entrance to the campus on the right.

By Airport Rail Link

The campus is only 4km from Ladkrabang station on the Airport Rail Link route. To reach the campus via the Airport Rail Link, take a City-Line train toward Suvarnabhumi Airport and get off at Ladkrabang station (which is one stop before Suvarnabhumi station). Then take a short taxi ride from the station to the KMITL campus.
